# What is *SAIL TRAINING* ?

# Originally for Merchant and Naval Officer Training

*The sea has never  
been friendly to  
man.*

*At most it has been  
the accomplice of  
human  
restlessness.*

*Joseph Conrad*

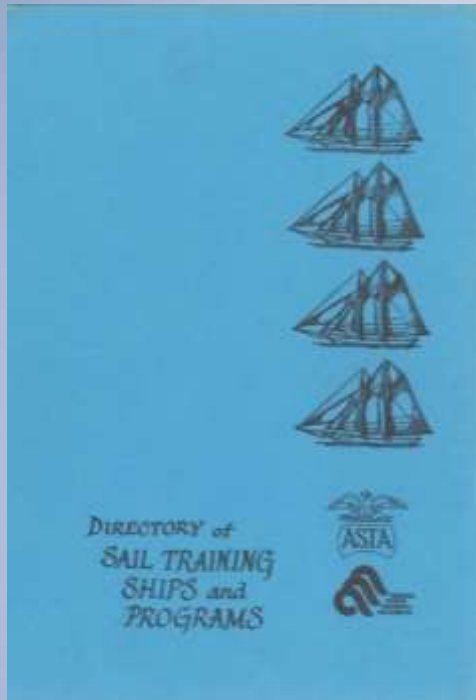

***“Though their skill and dexterity are much superior to any artificer, and though their whole life is one continual scene of hardship and danger, while they remain in the condition of common sailors, they receive scarce any recompense but the pleasure of exercising the one, and surmounting the other.”***

***Adam Smith, Wealth of Nations***

***Growth through  
Challenge***

# Physical Challenge

*Physical strength is not a prerequisite for sail training, but it is certainly a product of it.*

# Natural Wilderness Challenge

*A small ship in  
a vast ocean,  
subject to its  
limitless power  
and wild  
natural  
beauty.*

# Intellectual Challenge

*Seafaring develops critical intellectual skills of problem solving...*

*...and problem anticipation.*

# Social Challenge

*The ship comes first,  
and there's a  
chain of command.*

*Teamwork,  
leadership, and trust  
are every day  
values.*

## Lifestyle Challenge

*Video games,  
fast food &  
creature  
comforts give  
way to self-  
made  
entertainment,  
wherever it fits  
in.*

## Environmental Challenge

*A voyage is a commitment to self sufficiency.*

*Resources are finite, waste must be minimized.*

# Character Challenge

*It takes courage and determination to sail a tall ship. The reward is confidence and competency.*
