

TALL SHIPS CHALLENGE® 2013 will be an event of numbers - two countries, five Great Lakes, over 25 participating tall ships, five races, and millions of visitors. It will commemorate the military events of the War of 1812 across the Great Lakes for both the United States and Canada.

In addition to celebrating the 200th anniversary of the War of 1812, the 2013 series will promote awareness of the Lakes' ecosystems and fresh water conservation.

Many of our port partners have established youth-on-board sail training programs in partnership with local and visiting ships.

Please join us for a memorable series, port hospitality, camaraderie and fair winds!
